## BURNED TO DEATH

Fatal Fire In an Arkansas Lockup.

Kentuckian Unable to Bear Adverse Outlook, Kills Himself—Sister Dies at Cairo.

KEPT FOR 40 YEARS

Birmingham, Ala., Jan. 15.—The prisoners were cremated, two fatally burned and two others seriously hurt as the result of the burning of the town jail at Pratt City.

The dead are:  
JOHN KELLY, a white railroad man, aged 50, arrested for drunkenness.

GEORGE KYLE, colored.

CHARLES RUSSELL, colored.

Fatally hurt:  
James Smith, colored; William Young, colored.

Seriously injured are:  
Frank Chatfield, John Winston, colored.

There were 15 men and four women in the jail, all negroes except Kelly. A wild panic ensued when the fire was discovered and the prisoners were released, but not, however, until three perished.

Smith and Young, who are expected to die, are accused of setting fire to the jail.

KENTUCKIAN FOUND DEAD.

Huntington, W. Va., Jan. 15.—A man who registered under the name of Prof. Lyman Elliott Smith of Mays Lick, Ky., at the Glenwood Inn, in Kenova, was found dead in his room, having committed suicide by shooting himself through the head. He left a note which gave his reason for his rash act, that he had devoted his entire life to the study of literature and that a Baltimore newspaper had criticized some of his writings which he thought cruel and unfair and that he could not stand the censure.

KEPT HER VOW.

St. Louis, Jan. 15.—True to a vow that she made 40 years ago, Mrs. Hocker Breckinridge did not leave her farm on the St. Charles road in St. Louis county until her death. Yesterday her body was taken from the home place and buried in the Free cemetery.

The loss of her only daughter by death was responsible for the resolution made in 1864, and which had since been religiously adhered to.

DEATH AT CAIRO.

Cairo, Ill., Jan. 15.—Sister Mary Galatia died at St. Mary's infirmary of pneumonia 38 years of age. Her right name was Lillian Baden. At the outbreak of war with Spain she was one of six nurses sent to Cuba. At the close of the war she came to Cairo to St. Mary's infirmary. Her mother lives in Woodstock county, Maryland.

## FOUND DEAD

I. C. SECTION FOREMAN APPARENTLY DROWNED.

William Flynn, a section foreman on the I. C. railroad, was found dead in a creek near Ware, four miles from Grand Tower, Ill. He was lying in the water, and the supposition is that he met his death by drowning.

Deceased was about sixty years old. He was a native of Ireland and had been employed in that vicinity as section foreman for the last nine years.

## ALLEGED ROBBERY.

ONE MAN ARRESTED THIS AFTERNOON FOR ROBBING ANOTHER.

Kid Wilson was arrested this afternoon on a charge of robbing Wm. Gayton, a steamboat man, of \$5 and several small articles. It is said the latter was asleep down somewhere near the river when his pockets were picked. The accused will be given a trial in Judge Sander's court tomorrow.

## HEARST PAPER

At St. Louis to be Edited by W. J. Bryan.

France Addresses An Important Note to the Vatican Regarding Appointment of Bishops.

REPUBLICANS MEET IN APRIL

Evansville, Ind., Jan. 15.—Before leaving here last night William Jennings Bryan confided to Democratic leaders that he would become editor of a new daily paper to be started at St. Louis this year. It is said William R. Hearst will be associated with Mr. Bryan.

APPOINTMENT OF BISHOPS.

Rome, Jan. 15.—France has presented the Vatican with a note in the nature of an ultimatum, regarding the appointment of bishops to five vacant French sees, saying that either the pope must approve the selections of the French government, or they will be announced officially with the approbation of the Holy See.

FOUND DEAD.

Evansville, Ind., Jan. 15.—William Wunderlich, a member of a prominent German family and formerly connected with the police department, was found dead in his room this morning.

REPUBLICANS MEET IN APRIL.

Washington, Jan. 15.—After C. M. Barnett's visit here, Kentucky Republicans say a decision was reached to have the Kentucky state Republican convention held early in April.

GOV. BUSHNELL DEAD.

Columbus, O., Jan. 15.—Former Governor Asa S. Bushnell died this morning at 1:54 o'clock, quietly and painlessly. He had been in a critical condition for several days.

PASSED WORLD'S FAIR BILL.

Frankfort, Ky., Jan. 15.—The house today passed the world's fair \$75,000 appropriation bill by a vote of 75 to 15.

## HE GETS \$3,500

Verdict in the Rottgering Case Today.

The \$3,000 Verdict of Lower Court Increased \$500—Another Now on Trial.

After having been on trial over three days, the case of the C. & St. L. and N. O. R. R. Co., against W. H. Rottgering was given to the jury at 11:30 this morning and this afternoon a verdict for \$3,500 was returned.

The railroad company sued to condemn a right of way through the defendant's property and built a railroad through his farm. The damages secured in county court in the condemnation proceedings \$3,000 did not satisfy Mr. Rottgering and he appealed to circuit court, there being awarded \$3,500 today.

The case on trial at press time was the suit of the C. & St. L. and N. O. R. R. Co. against Lizzie Libel, a condemnation appeal proceedings similar to the Rottgering case.

## SAID IT WAS FAKE

AND THEN THE PROMOTER CUT THE JAILER 20 TIMES.

Owensboro, Ky., Jan. 15.—Dug Riggs, jailer of McLean county, and W. D. Croft, manager of an oil boring plant, got into a quarrel at Calhoun over the oil business, Riggs declaring that it was a fake. Croft cut Riggs twenty times with a pen knife before they could be separated. Riggs is in a bad condition.

## MANY IN DANGER

Natives at Seoul Advocate the Killing of Foreigners.

4000 Coolies Reported to Have Participated in a Riot Near Hong Kong.

30 TURKS BLOWN UP

London, Jan. 15.—The Seoul correspondent of the London Daily Mail says that the native press is advocating the slaughter of all foreigners.

United States Minister Allen has ordered all American women and children to remain indoors, and he predicts that rioting by the military is imminent.

M. Collin de Plancy, the French minister, has vainly advised the emperor to take refuge in the French legation.

THIRTY TURKS KILLED.

Salonica, Jan. 15.—The Turkish powder magazine in the Kumanova district, sixteen miles from Uskub, has been blown up by Bulgarians. Thirty Turks were killed. A sharp engagement is reported to have occurred near Demirhisar, forty-five miles from Salonica.

4,000 IN RIOT.

Hong Kong, Jan. 15.—A riot is reported to have occurred on the Hankow-Canton railway, about 4,000 coolies participating in the disturbance. The United States consul here has telegraphed to United States Minister Conger at Peking.

## SOME CHANGES

WILL BE MADE AT THE NEW SCHOOL BUILDING SOON.

There are to be some minor changes at the Washington school on West Broadway shortly. The building committee has recommended that two of the basement rooms be fitted up as lunch rooms, where the children who have to walk long distances to school may place their lunches.

It also recommends that electric lights be placed in Superintendent Leib's office, and that a panel be placed in that there may be more privacy.

It is not deemed necessary to have fire escapes at the building, as few of the rooms high up are used. There has been a great deal of talk about requiring the board to place fire escapes on the building since the Iroquois disaster, as there are none now, but it is said to be unnecessary. At any rate no steps have yet been taken to have them put up.

## 12 CONVERSIONS

AT REVIVAL AT FIRST BAPTIST CHURCH LAST NIGHT.

Another large congregation greeted Rev. M. F. Ham of Bowling Green, at the First Baptist church last night. It was perhaps the largest of the entire series of meetings which opened last Sunday.

Mr. Ham preached an earnest and feeling sermon from the text "There is a way that seemeth right unto man, but the ends thereof are the ways of death." Proverbs XIV. 12. At the close of the sermon there were twelve conversions and forty people asked for prayer.

Prayer services for men are held each day at noon, for ladies at 3:30 p. m. and preaching services at 8 p. m. and 7:30 p. m. Mr. Ham is making a fine impression.

HAND BADLY MASHED.

Doll Bolan, colored, an employe of the Sowell mills, while working near a saw carriage yesterday afternoon, got his left hand caught in the machinery and the member badly mashed and lacerated. The thumb was so badly mashed that amputation was necessary. Dr. J. S. Troutman dressed the injury.

## THOSE BOODLERS

Wanted Money But it Wasn't Forthcoming.

An Illinois Man Who Believed in Ghosts Was Frightened to Death.

HAND FOUND IN IROQUOIS

St. Louis, Mo., Jan. 15.—Circuit Attorney Folke was informed today that a representative of the house of delegates combine had solicited a bribe of \$10,000 from certain St. Louis ticket brokers to kill the bill lately passed prohibiting the scalping of railroad excursion tickets.

It is now charged that delegates voted for the bill in retaliation of the refusal of the ticket brokers to subscribe to a boodle fund.

BELIEVED IN GHOSTS.

Norris City, Ill., Jan. 15.—Weird noises in the night frightened Peter Kuhn to death. The man's body was found in bed, a look of horror frozen on his face. A nail driven in a shingle in the roof above the head of his bed held a tin can, to which a long string had been attached. Practical jokers, by rubbing this string with rosin, produced the sounds. Kuhn was a firm believer in ghosts.

GHASTLY FIND.

Chicago, Jan. 15.—A human hand and some money and jewels have been found in the debris of the Iroquois theater. The hand was that of a man, and apparently had been severed from the wrist in an attempt to get possession of rings. As no body was found from which a hand had been taken, the supposition is that the body may have been consumed in the fire.

The police found \$30 in bills enclosed in a chamois skin bag, and also a five carat opal, among the fragments of broken glass and charred wood.

## A FALSE IDEA

POLICE BOARDS CANNOT BE APPOINTED BY STATE AUTHORITIES.

The report that a bill had been introduced at Frankfort to take the police forces in first and second class cities out of the hands of local authorities and place them under the control of the governor is untrue.

The only changes contemplated a long that line are in Louisville. The following section of the constitution, which cannot be amended by the legislature except by vote of the people, makes it impossible to have the police in cities under the control of men not elected by the people or appointed by local authorities:

"160—The mayor or chief executive, police judge, members of legislative boards or councils of town and cities shall be elected by the qualified voters thereof. . . . Other officers of towns or cities shall be elected by the qualified voters therein or appointed by the local authorities thereof, as the general assembly may by general law provide."

The only change now talked of is in the Edwards bill, and is to empower the mayor to remove members of boards of public works and safety at his pleasure, which he can't do under the existing law.

## PADUCAH IN IT

DISPOSITION TO PLACE US IN CENTRAL LEAGUE.

Terre Haute, Ind., Jan. 15.—Central Baseball league magnates are meeting here to arrange the circuit and elect officers. There seems to be a disposition to drop Wheeling and Dayton for Paducah, Ky., and Peoria, Ill. Danville, Ill., too, is seeking membership.

The act prohibiting the importation of silver coin not on a gold basis has become a law in the Philippines.

## ON THE ROCKS

The Towboat Victor Damaged Last Night.

It Is Not Thought the Injury Amounts to a Great Deal.

The towboat Victor, owned and controlled by Captain Dan Finney, of this city, went aground on rocks below Memphis last night and the Penguin, Captain Finney's other boat, went down this morning to assist her off.

The extent of the damage is not known but it is said she has only one small hole knocked in her hull. It was reported this morning that she had sunk but this was exaggerated. Captain Finney is at the scene of the accident today pumping the Victor out and putting her in shape for service again. She will have to go on the ways for repairs, it is said.

The Victor is a medium size boat and worth quite a great deal. She is in excellent condition, or was before the accident, and one of the best towboats on the river. No exact estimate of the damage can be made, but the river men here say it will be slight. The boat was coming up from Joppa last night after unloading several barges of ties.

PISTOL STOLEN.

Robert Reeves, colored, was arrested today on a charge of grand larceny and obtaining money by false pretenses. It is charged that he stole a pearl handled revolver from Mr. Wm. Gray's saloon and sold it to Ike Cohen. The weapon is valued at \$20.

A big shoot is planned by the Hopkinsville Gun club.

## FOREMAN LET OUT

Mr. A. M. Dustin Resented Injunct and Was Discharged

Illinois Central Employees, All of Whom Like Him, Will Petition for His Reinstatement.

OTHER RAILROAD NOTES TODAY

Considerable feeling has been wrought up among the local Illinois Central boilermakers by the removal of their foreman, Mr. A. M. Dustin.

Mr. Dustin and a machinist named Forrest, met several days ago in dispute and Mr. Forrest is alleged to have called Mr. Dustin very uncomplimentary names. Mr. Dustin in a heat of passion slapped the machinist who procured a warrant against him. Mr. Dustin confessed and was fined and this morning was removed by the railroad company for unbecoming conduct.

Mr. Dustin is one of the most popular foremen the Illinois Central has ever had in the boiler shops here, and every man employed in that department seemed to regret to learn of his removal and will petition the company to put him back in his old position again. The petition was started this morning and will be signed by every man in the shops, from present indications.

Mr. Dustin has been employed by the I. C. for years and this is the first trouble he has experienced in his entire service to the I. C. company.

A warning order to enginemen relative to Tennessee street crossing, has been posted in the trainmen quarters here. The order warns them against blocking this street, or any other street where company tracks cross, longer than five minutes. The city recently took steps to have this nuisance stopped and at a recent sitting of the grand jury, an indictment against the railroad company was returned for blocking this street over five minutes continually.

Mr. G. B. James has been appointed assistant trainmaster of the Fulton district of the I. C. to succeed Mr. W. A. Graham, assigned to other duties. The change is effective today.

Train No. 122, the Fulton and Louisville accommodation passenger train, was delayed one hour and ten minutes this morning by an engine failure.

## \$3,000 VERDICT.

WHAT JUDGE LIGHTFOOT GOT AT MURPHYSBORO, ILL.

County Judge R. T. Lightfoot returned this morning from Murphysboro, Ill., where he went Monday to prosecute a damage suit brought by Carl Becker for Wm. Becker, his son, for \$35,000 damages against the Illinois Central for alleged injuries to the boy in going through the tunnel at St. Louis, a ventilating transom falling on him and impairing his mind.

When Judge Lightfoot left last evening the jury had not returned a verdict, today received a telegram that a verdict had been returned for \$3000.

## CLERKS UNION.

ELECTS OFFICERS FOR THE ENSUING YEAR.

The retail clerk's union at its last meeting elected the following officers: W. J. White, president; George McGowan, first vice president; Adolph Mayer, second vice president; Henry Weimer, treasurer; W. E. Gibson, financial secretary; Jas. Sirk, corresponding secretary; delegates to the Central Labor Union: W. J. White, W. E. Gibson and Arch Endors. The hattons of the union have been received and the union was reported flourishing.

## ABOUT TRUSTS

### Attorney General Knox Sends to Congress a Report.

Only \$25,986 Out of the \$500,000 Appropriation Has Been Spent.

### SOME OF THE PROSECUTIONS

Washington, Jan. 15—Attorney General Knox transmitted to the house his reply to the resolution asking for information regarding the manner in which he had expended the special appropriation of \$500,000 for anti-trust prosecutions.

A detailed statement of expenditures shows that a total of \$25,986 has been disbursed from the appropriation.

The attorney general submits a statement describing the nature of the cases prosecuted, beginning with the Northern Securities case, now awaiting decision by the supreme court of the United States.

The brief, first case he describes as "a proceeding in equity brought under the anti-trust act, in the Northern Judicial district of Illinois to dissolve an alleged unlawful combination and conspiracy between seven corporations, one partnership and 23 individuals, engaged in the business of purchasing livestock, converting the same into fresh and cured meats and shipping and selling the products to dealers and consumers throughout the United States and in foreign countries."

This case was before the supreme court of the United States from the circuit court which overruled a demurrer interposed by the defendants and remanded the case.

Railroad injunction suits are proceeding in equity under the anti-trust

act against fourteen railroad companies, of which eight are pending in the United States circuit court for the Western District of Missouri, and six before the same court for the Northern District of Illinois.

"The object of the proceedings," the attorney general says, "was to break up an unlawful combination between the railroad companies and certain favored shippers whereby the latter were granted rebates or concessions from the published rates of the railroads for carrying grain and other products from one state to another."

The case of the Jacksonville Wholesale Grocers' association is a proceeding in equity under the anti-trust act in the circuit court of Florida for the purpose of dissolving "a combination of wholesale grocers."

The salt trust case is described as an indictment under the anti-trust act in the circuit court for the northern district of California against the Federal Salt company for having created a combination and monopoly to control and influence the price of salt. The defendants pleaded guilty May 12, 1903, and were fined \$1,000.

A case against the coal carrying roads is now pending before the supreme court of the United States on a motion to compel witnesses to give testimony before the interstate commerce commission and to produce books and papers demanded by the commission in an investigation of the method of conducting business as pursued by the roads.

A case brought by the interstate commerce commission against the Nashville, Chattanooga, and St. Louis railroad company to restrain the road from overcharging between certain points mentioned, the rates being alleged to be "excessive and unreasonable; discriminating and higher for short hauls than for long hauls," is now pending before the supreme court of the United States on appeal.

The "hay and straw classification case" is described as brought by the interstate commerce commission against the Lake Shore and Michigan Southern Railway company to prevent an unjust classification of hay and straw and unjust and unreasonable charges for their transportation. This case is now pending before the circuit court of Ohio.

A number of minor cases, it is said, have been brought to compel carriers

to make annual reports to the interstate commerce commission.

In conclusion the attorney general recommends a permanent increase in the force of his department, saying it would result in more satisfactory work at less expense.

## BLAME THE CAPTAIN

### STORY OF THE SINKING OF THE CLALLAM.

Victoria, B. C., Jan. 15—The British cruiser Grafton reports having found the body of Bruno Lehman, the customs officer of the Clallam, off Race Rocks. Lehman sprang from the upper deck of the steamer into a boat which was filled with passengers, mostly women and children, and was swept out with all in the boat when she swamped, almost immediately afterwards.

John Davis of Nanaimo, made a statement regarding a conversation with Captain Roberts by passengers, who remonstrated with him for not placing them on the tug Holoake. Davis said he believed the passengers were kept on board the steamer to bail in the effort to save the property, declaring that when a dozen passengers waited upon the captain and asked why he had not signaled the Holoake for the purpose of placing the men aboard the steamer the captain replied: "I am running this part of the work. When I see we are in danger I will signal the tugboat to come back. We can get there all right. The steamer is good for three hours."

"Well," I said "you could have signaled the tugboat and given instructions when the boat was alongside."

"The captain in reply stated that he wanted to save the steamer; that was what he was looking after now."

Davis declared the Clallam did not remain afloat twenty minutes after this conversation.

### HE FOUND A CURE.

R. H. Foster, 318 S. 2d street, Salt Lake City, writes: "I have been bothered with dyspepsia or indigestion for 21 years, have tried many doctors without relief, but I have found a cure in Herbine. I recommend it to all my friends, who are afflicted that way, and it is curing them, too. 50c at Du-Belle, K. & Co."

## SCHOOL BOARD

### Called Meeting Held and Miss Cora Bailey Elected Teacher.

The Board Concerns in the Recommendation For a Thirty-five Cent Levy.

Miss Cora Bailey was last evening elected a teacher in the public schools of Paducah at a special meeting of the Board of Education, at which all the members were present, Dr. J. R. Coleman presiding.

The resignation of Miss Elizabeth Rogers, who goes to Nachitoches, Miss., to become treasurer of a normal school, was accepted, and Miss Bailey, who was one of those not re-elected last June, was chosen to succeed her.

The recommendation of the finance committee that the board ask of the council thirty-five cents, was concurred in. It is estimated that \$15,000 will be necessary to run the schools, and with the amount deducted that will be received from the state, a thirty-five cent levy on the \$100 will be necessary to raise the amount needed. The board will go before the council and aldermen at their next meetings and make their demand.

## AMADOR ELECTED

### PRESIDENT OF PANAMA BUT LITTLE INTEREST SHOWN.

Panama, Jan. 15—At the convention last Friday Amador was elected president without opposition, little public interest being shown.

Batteries and pack trains have been organized by the United States marines for possible use in Darien. Each battery consists of eight Colt and three machine guns. The moles of the Darien mining company will be bought if necessary. An expedition of native forces leaves for Darien in a few days.

## TOBACCO NEWS

### Good Prices Being Paid by Regies at Clarksville.

Generally Improved Conditions are now Expected Everywhere in the District.

Clarksville, Tenn., Jan. 15.—It would seem that the foreign tobacco people are looking to the Clarksville district for what they need in the tobacco line this year, if the prices paid in this section by the Regie people, as compared with those paid elsewhere, are to be taken as an indication. In some instances more than 10 cents a pound has been paid for some of the new crops that have been sold in the Clarksville market to the Italian Regie buyers, who, with the exception of the Imperial agents, are practically the only people in the field now. The Imperial people are hot on the trail of the Regie folks, and are giving them a fight for the best crops.

The Regie people are reported to have bought a good deal of tobacco, and have had hard work to secure what they wanted, as the Clarksville tobacco did not come up to the expectations. It is reported that the trouble that the Italian people have had in securing what they want in tobacco in the districts to the west of Clarksville, has caused them to depend mainly upon the Tennessee tobacco to supply the greater and best part of what they want. It is now being predicted that all farmers who have so far sold their tobacco will put in a full crop for 1904. There is evidently a good deal of latent life in tobacco trade that will make itself felt when there is a possibility for so doing.

That there will soon be a great improvement in conditions that have resulted from the unusually long, dry spell seems likely, for during the last few days the weather has been comparatively warm and damp. This

was followed by gentle rains that put much of the tobacco in order. Unless the weather turns very cold, good business on the tobacco market is certain.

By some the unfavorable condition of the past few months is considered a blessing in disguise, as many of the planters are apt to turn their crops loose early in the season at low prices instead of waiting later for better prices.

This, if true, will be contrary to expectations a few weeks ago, it being predicted that the 1904 crop would fall far short of that in 1903 because of the fact that the farmers had become discouraged over the situation this year.

Some loose sales of the weed, mostly of the lower grades, are being made on the Clarksville market this week, bringing from \$2.35 to \$3.10 per hundred. One local house sold 14,000 pounds Tuesday, the first sale of the present week.

### COUGHING SPELL

#### CAUSED DEATH.

"Harry Duckwell, aged 55 years, choked to death early yesterday morning at his home, in the presence of his wife and child. He contracted a slight cold a few days ago and paid little attention to it. Yesterday morning he was seized with a fit of coughing which continued for some time. His wife sent for a physician, but before he could arrive, another coughing spell came on and Duckwell died from suffocation.—St. Louis Globe Democrat, Dec. 1, 1901." Ballard's Horshond Syrup would have saved him. 25c, 50c and \$1 at DuBelle, Kolb & Co.

### ANNIVERSARY PARTY.

The children, relatives and many friends of Mr. and Mrs. Louis Kolb, of Broad street, last evening tendered this popular couple a surprise party in honor of the fortieth anniversary of their marriage. The occasion was one long to be remembered, and was delightful in every particular. Mr. and Mrs. Kolb have reared a large family and their children are among the most substantial, respected and prominent in Paducah. The couple were remembered in many pleasant ways.

The weather is unfavorable for the rehandling of tobacco in Christian county, and the growers are much discouraged.

## Theatrical Notes.

There are doubtless many who will recall Howard Kyle's production of "Nathan Hale" in Paducah in January, of 1902. The play and the performance met with the heartiest praise from the people and the press of this city. After presenting "Hale" three seasons and becoming so strongly identified with the character in many places he was addressed as Mr. Hale, it was no easy task for him to select a worthy successor to Clyde Fitch's fine play. Mr. Kyle had never seen "Rosemary," but so many of both his professional and lay friends urged him to revive it that at last he and Manager Brennan made arrangements to that end. The season has verified friendly predictions, as Mr. Kyle's success has been unequivocal. In many cities the critical estimate placed on Sir Jasper above his Nathan Hale, "Rosemary" is a charming story of human nature, perfect in construction, of delicious humor and at the same time sweetly touching. "Rosemary" is the bill for Monday night at the Kentucky.

The chief love interest in the dramatization of the well known New England novel, "Quincy Adams Sawyer," is the strong admiration of young Sawyer, the city fellow and son of a millionaire, for Alce Pettengill, a blind girl. It was a good deal of a question when the dramatization was made as to whether the public would be in sympathy with such peculiar courtship, and the dramatist seriously thought of getting away from the book in this respect by having Sawyer in love with Lindy Putnam. It was finally decided, however, to follow the book, and those who witness a performance at The Kentucky on Wednesday next will realize what a mistake it would have been not to have made a great deal of the love story between the blind Alce Pettengill and

Quincy Adams Sawyer.

Those who have experienced the delight and gratification which the Jeffersons' delicious art gives should avail themselves at once of the opportunity and learn how it is and why it is the characters they impersonate are so widely and tremendously popular. They have treated millions to laughter and always through the medium of clean and wholesome comedy only. They are the apostles of innocent merriment. Joseph, Jr., and William W. Jefferson will play an engagement at The Kentucky Tuesday night, when they will be seen in "The Rivals."

## HE WANTED PROOF.

The son of a city official of high standing was recently accused of expectorating out of the window at school by his teacher, and when asked why he did it, replied that he was not guilty.

"But you did, sir," the teacher replied, and again the youth informed his instructor that he was not guilty. The teacher insisted and the boy proclaimed his innocence until finally the teacher informed him that he would "have to prove he did not spit out of the window."

"No sir," the youth corrected, "it devolves on you to prove that I did," and the logic was so overwhelming that the discussion ended.

## MR. WOODSON ENTERTAINED.

The Washington correspondent of the Courier-Journal says: Senator Stone, of Missouri, last night entertained at dinner in honor of Urey Woodson, of Kentucky; Charles F. Murphy and Norman E. Mack of New York, who came here to attend the meeting of the National Committee. Mr. Woodson left late last night for New York. It was whispered around that he, Tom Taggart and others were to meet some of the Tammany Democrats in the Metropolitan. However, Mr. Woodson said his business in New York had nothing to do with politics.

## NEWS OF THE RIVERS.

Observations taken at 7 a. m. River 4.3 on the gauge, a fall of 0.8 in the last 24 hours. Weather clear and warmer. Temperature 32 with south winds. River outlook not encouraging. No water reported above. S. A. Fowler, Local Observer.

The Buckham has gone to Caseyville.

The Duffey is due out of Tennessee river today.

The Willford is due Sunday from Tennessee river.

The Ten Broeck is due to go into Tennessee river shortly.

The Summers is due out of Tennessee river in a few days.

The Nevins is due tomorrow from Caseyville with a tow of coal.

The Uncle Sam is due from Jopka where she carried a tow of lumber.

The Dick Fowler cleared on time this morning for Cairo with a good trip.

The Buttorf is due tomorrow from Nashville and will leave Monday for Clarksville.

The Cruiser is still working with the combine barges sunk near the I. O. incline.

The Memphis is due in from Tennessee river today and will leave on return trip tomorrow afternoon late.

The Ingleside arrived last night from Evansville and went up the Tennessee river to Perryville for timber.

River men say the present stage of the Ohio river is the lowest for this season of the year known in countless seasons. Usually at this time the river is out of its banks.

The Echo, the Leyhe fleet tug, is running between Paducah and the fleet above regularly. Every winter this little tug is often seen running about the harbor and has become a fixture to the Ohio and Tennessee during the winter.

It is now said that the former gospel boat Megiddo will be used for carrying passengers from Chattanooga and way points to the world's fair at St. Louis this summer. She is well

## Hope and Health For All Women.

ZOA PHORA WILL CURE AND MAKE YOU A WELL WOMAN.

Trial Package Free to All.

Zoa Phora cures permanently and perfectly all diseases, weaknesses and irregularities of the sex, displacements, suppressed and painful periods, flooding,

MRS. PAUL BURNS, Marshallville, Mich. leucorrhoea, kidney, bladder and liver troubles, makes childbirth easy and regulates the change of life. For the critical period of transition from maidenhood to womanhood it is a matchless remedy. All women unite in praising it and all who have used it rejoice in perfect health.

Mrs. Paul Burns, Marshallville, Mich., writes: "I want all my friends to know the great good Zoa Phora has done for me. I suffered for months with nervous prostration, sick headache and kidney and bladder trouble. After holding consultation, four doctors said I could not live without an operation, and I was too weak to have one. Bunches formed in my bowels and I became so sore that I lost the use of my limbs. The doctor called the bunches tumors. He said that I also had a floating kidney, and would not be better until I had it sewed in place. After using one bottle of Zoa Phora, I could stand on my feet, and after using three bottles I could walk around my room, and after the fourth bottle I was able to walk out of doors."

Write the Zoa Phora Co., Kalamazoo, Mich., for a free trial bottle and copy of their illustrated medical book, "Dr. Pengelly's Advice to Women." The doctor will gladly give free special advice when needed. Zoa Phora is for sale at \$1.00 a bottle by all druggists.

equipped as an excursion boat, and will be taken to Chattanooga shortly to be better prepared for next summer's business.

## DEATH IN BALLARD.

Mrs. Ormav Ellis, wife of Mr. J. K. Ellis, died in Ballard county last night of consumption. She was 25 years of age and left besides her husband, several children. The burial took place this afternoon at a family cemetery.

## OPERATORS NAMED

TO HAVE CHARGE OF THE I. O. TURNABLE.

Regular operators have been appointed to run the local Illinois Central turn table and Terry Coleman is regular day man and Malcomb Greenleaf is night man.

Both young men were formerly street car motormen and thoroughly understand handling electricity. They have been regularly installed and the turn table is now operated steadily by electricity. Since this apparatus has been in use the employees of the round house have been enabled to put engines out for service with much more rapidity. Much time and labor is saved and it is a great improvement.

When you don't feel right—are not yourself—but don't know what is the matter, try taking Walther's Peptonized Port.

It is just a good common sense tonic that works in a natural way. It is simply a combination of pure pepsin—nature's own digestive agent—with that fine, old tonic, good port wine.

If it doesn't do the work you need a doctor.

If you are not in need of a doctor it will do the work.

Do not experiment with patent nostrums of mysterious makeup, which you would not touch if you knew their composition.

## A SIDE SWIPE

SLIGHTLY DAMAGES SWITCH ENGINES HERE LAST NIGHT.

Switch engines Nos. 1715 and 182 met in "side swipe" this morning in the shop yards and the cab and head timbers of the latter were badly shattered on the left side, and the right side of the former's tank battered slightly. The damages will amount to little however and no one was injured in the accident. The "side swipe" occurred during the night while the crews were switching.

**AN EPIDEMIC**

MEASLES PREVAILS IN MANY PLACES OF THE CITY.

The prevalence of measles among children in Paducah at present amounts to almost an epidemic. In many families all of the children of the family are ill from it.

One prominent physician remarked this morning that he had a number of cases in his practice. "It is in an unusually malignant form too," he said, "and is hard to handle. It does not amount exactly to the 'black measles,' but is almost as severe." So far no fatalities have resulted from it.

**KILLED BY SON**

THE FATHER WAS WHIPPING HIS WIFE AT THE TIME.

Oadiz, Ky., Jan. 15.—News has just reached here of the killing of James Dunn near Linton, on the Cumberland river. Dunn was whipping his wife when his son interfered, and Dunn made at him with a knife the boy grabbing a gun and firing at the father. The older Dunn was badly shot and bled to death. The boy will not be prosecuted.
